

If you need to set up an identity for your doppelgänger, see the [REDACTED] guide.

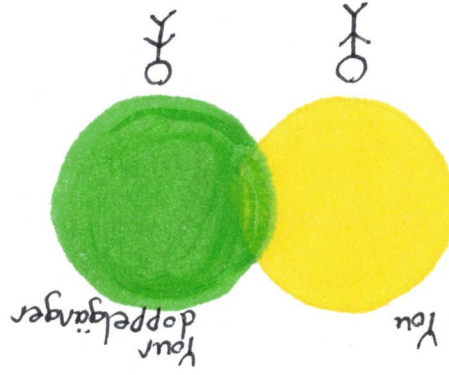

Weigh the pros and cons, as well as ethical concerns.

Depending on the goals of you and your doppelgänger, decide if you will share one life (one identity) or have two lives (two identities).

Step 3: Decide how to co-exist.

-You share the same memories
-You share new memories each of you creates (this may require testing)

Step 2: Learn about each other:
Determine which of the following applies to you and your doppelgänger:
-You have the same skills, likes, and dislikes
-You are inverses of each other - different skills; opposite likes and dislikes

Step 1: Don't panic.

Your doppelgänger might be as confused as you are. Determine if they are:

- a) a shapeshifter
- b) a time traveler
- c) a clone
- d) from an alternate universe
- e) a long-lost twin
- f) any of the above... plus evil

IMPORTANT!

Do not assume your doppelgänger is evil.

They probably are not trying to take over your life or hurt you.

Probably.
