Dorothy woke up.  
There's no version  
of pure sleep and dream.  
She woke up in Oz,  
She woke up in Kansas,  
She woke.  
The wizard  
was in  
both  
places.  
He wore  
this hat →

He was the  
man in the balloon  
he was the man  
on TV. He had  
a big voice and  
a loud voice  
and a crown

It's making  
you can't  
have it

AND

The wizard had a life  
before Oz, before Kansas,  
before Dorothy.

Maybe  
he had  
a terrible  
childhood.

The Munchkins knew better. They elected him. He  
sat on his Emerald Throne in the Emerald City, TM.

to think, oh wow  
what a fraud, but we already knew

He was scared  
always a  
little boy  
of dying  
power  
This is the sand  
that covered his statue  
the Emerald House  
his story.
